Archie De Vera Buys

At about the age of ¹⁵ years was hired by Laban Hiltons Livery Stable, at first to generally care for the horses & buggies. Was hired to drive a surveying crew to find the county lines of Wasatch, Summit & Uinta counties. His duties were to care for the horses, the wagons & help with the meals & to hold rods for the surveying crew. He then became a steady driver for the drummers (salesmen) as they traveled from the train in Heber City to the surrounding communities including Park, City, Kanab, Duchesne or wherever their business led them. He later worked in the Heber Mercantile & Heber Exchange before buying a business of his own named "The Buys Confectionery". The Confectionery was located on the east side of Main Street in the old Bridge Drug Store Bldg. Across from the Ideal Theater. Later he sold Maytag Washers & repaired washers & most small motor appliances. This was during the early years of the Depression. He became Judge in the early 1930's & became both city & county judge & until his retirement some 30 odd years later was the longest seated judge in the state of Utah.

He had been a volunteer fireman for over three decades & at one period was the asst. chief. He was one of the original volunteers

He was active in Boy Scouts & in the Superintendency of the 2nd Ward Sunday School. He was also a High Priest, Sunday School teacher & a teacher in M.D.

He was a field man for the Woods Cross Canning Co. traveling from Kamas, Woodland & other summit areas & down through Midway, Charleston, Wallburg & Daniels in the valley.

He was asst assessor of Wasatch Co. working with Co Assessor, Guy Duke to travel out to the ranches in the far extremes of the county.
